

KLOEPFEL 4PL SOLUTIONS

REDUCES YOUR LOGISTICS COSTS BY MORE THAN 10%

KLOEPFEL 4PL Solutions GmbH is a neutral independent „Fourth Party Logistics“ service provider without any assets of its own, offering its customers individual and customized „best-in-class“ solutions for their holistic logistics processes. From logistics potential analyses and success-oriented consulting projects to classic outsourcing of logistics (Business Process Outsourcing/ BPO), KLOEPFEL 4PL Solutions can make a lasting contribution to increasing corporate value, both strategically and operationally. It has been proven that net savings of >10% can be achieved in logistics costs, while the quality of BPO can also be significantly increased through the use of efficient logistics management systems.

Our service portfolio

- ✦ Logistic potential analysis
- ✦ Freight service purchasing or purchasing of logistic services
- ✦ Centralization and outsourcing of operational transport or intralogistics (business process outsourcing)
- ✦ Creation of cross-customer synergies
