- » Employee involvement – our consultants have a high level of empathy as they all come from practical backgrounds
- » High technical expertise of the project team and proprietary cost calculation tool for cost structure and value analysis

- » Transparent project planning and professional project management
- » International project experience
- » In-house consultants in e-procurement with smart and cost-effective solutions for medium-sized businesses

About KLOEPFEL by EPSA

Founded in 2007, the multi-award-winning procurement consultancy KLOEPFEL Consulting has grown to become part of the KLOEPFEL Group, now serving over 800 clients. Together with its parent company, the EPSA Group, and its Belgian subsidiary, Kronos Group, the KLOEPFEL Group, with over 3,000 employees and a revenue of 500 million euros, forms the largest consulting group in the pan-European region specializing in procurement and supply chain management.

KLOEPFEL Consulting works 100% on a success-based model. Leveraging its technical and commercial expertise, Kloepfel Consulting reduces procurement and product costs across industries, enhances material efficiency, optimizes supply chains, and thereby increases both the liquidity and profit margins of its clients. Clients appreciate KLOEPFEL Consulting's industry knowledge, pragmatism, and passion.
